## FROM THE REGION

Most products come from Germany and are packed there.

<p><b>WE ♥ BEES</b></p> <p>With our sponsorship for a bee hive, we contribute to the preservation of bio diversity. We also help the creation, cultivation and maintenance of large meadows for bees, grassland and meadow orchards</p>	 <p>The organic seal guarantees standards for organic farming. A product marked with the organic seal, requires 95% of its ingredients to originate from ecological cultivation.</p>	<p><b>UTZ CERTIFIED</b></p> <p>The UTZ seal on a product means, the raw materials come from sustainable resources, cocoa for example. All farmers must show sustainable farming, have fair working conditions and no child labour.</p> 
<p><b>RENEWABLE ENERGIES</b></p> <p>The electricity we require for our production facilities is being partially generated by our own photovoltaic power plant. Also, our cogeneration unit provides heat for all our other buildings in Moorenweis</p>		<p>87</p> <p>M WH produziert</p>
<p>68 tons of CO2 emissions saved with our own photovoltaic system</p>		

<p>We make it possible for people with disabilities to be part of the working life. For many years, we have been cooperating with a sheltered workshop.</p>	 <p>Das Zeichen für verantwortungsvolle Waldwirtschaft</p>	<p><b>Forest Stewardship Council</b></p> <p>In the German-speaking area, the most established name is the Forest Stewardship Council® – commonly known as FSC®. It's an international, non-profit organization with a global goal, to make ecological and socially responsible forest management visible on products, with the help of their seal. Most of the paper products in this catalog are FSC®-certified.</p>

## Tony's Choclonely

100% slavery-free chocolate.

That's the vision of Tony's Choclonely.

With their five principles, the founders want to create fair working conditions and payment in the chocolate industry for all participants. With that, they set a good example for everyone.

# ⇒ TRIPLE HEROES ⇐

## RETTERGUT

Just because it doesn't look perfect, doesn't automatically mean it won't taste as good. That's the motto of the young group of guys from RETTERGUT in Berlin. Their goal is to stop the ongoing food waste.

Tons of food are being wasted annually, because it is not fully conform with certain "standards". RETTERGUT starts, where others sort out: They create delicious products with food, that would have been thrown away no matter what.

## The Change Chocolate

Trees as a „time joker“ against climate change.

A part of the sales from the Change Chocolate goes into the children and youth initiative Plantfor-the-Planet.

These funds are utilized to plant new trees on the Yucatán Peninsula in Mexico. The founder of Plant-for-the-Planet, Felix Finkbeiner, was named the official ambassador of goal number 15 of the 17 goals of the United Nations (SDGs) in 2020.

## TRIPLE HEROES in personalized carton

Strong together, adhering to fair trade principles. Our three sustainable „heroes“ are united in a special packaging. Always one RETTERGUT mixed chocolate bar and one Tony's Choclonely bar along with the Change Chocolate in a packaging made of FSC®-certified carton with viewing window. The whole box can be personalized. On top: the packaging contains info material about the sustainable projects of each of the chocolate manufacturers.

NEW

## NATURAL GUM BASE

The chewing base is still made from the natural tree sap (= chicle) of the sapodilla tree, just like in the days of the chewing gum inventor Thomas Adams. The trees are carefully scratched on the surface so that the sap runs into a small container and collects. This process is repeated on many trees at the same time so that enough sap can be obtained. The scratched areas are then given time to recover and form bark again.

## TOOTH FRIENDLY

The sugar-free chewing gum is sweetened with the sweetener xylitol and is therefore good for your teeth!

plastic-free  
chewing gum

100%  
vegetable &  
guaranteed  
biodegradable

# IMPORTANT INDICATIONS / FAQ

## METHOD OF PRINTING:

We work with the following methods of printing:  
Flexo printing (flexible materials)  
Pad printing (tins)  
Offset printing  
digital printing  
(Silk Screen printing upon request)

In the above mentioned printing methods positioning deviations may occur due to technical grounds. With flexo printing positioning deviations may occur in the motif up to 0,5 mm

## FORMAT OF FILES:

Preferably: Adobe Illustrator (CC), Adobe Photoshop (CC) or Adobe InDesign (CC).

## RESOLUTION:

Required resolution for motifs: minimum 300 dpi  
Required resolution for non-screen and screen motifs: 1200 dpi. Please provide vectorized files.

Lettertypes: if not vectorized please provide the corresponding lettertype format file.

## COLOURS:

We work partly with translucent colours. These translucent colours may not cover completely the surface below and a white under layer is often necessary to obtain the required colour.

Please let us know the exact colour required. We work with HKS and Pantone colours. We do not work with RAL colours. We can approximate RAL colours (according to Pantone or HKS colours). Letterheads, business cards and brochures can be used as colour artwork. The print result may vary according to the material used. We will try to match colours, but do not take responsibility for the result obtained if detailed HKS or Pantone colours are not provided. Variations in the nuances of the Pantone and HKS colours are no grounds for a claim.

Each motif and each product will be handled individually. It is not possible to assume all eventualities in written form. Here and in the technical data sheets is written basic information only, for which we cannot take full responsibility. We are happy to advise about the product and the motif. It is not possible to advise without the print motif, therefore the print motif is required before any offer advice is offered.

No film or artwork is to be prepared with a raster motif without prior consultation.

A copy of the motif as colour artwork is required when data is sent digitally. The colours have to be colour binding. Printing is not possible without paper artwork or colour binding artwork.

## FOOD INFORMATION REGULATION:

Since December 13, 2014 the rules of EU-regulation 1169/2011 concerning the Food Information Regulation (LMIV) have to be observed. This regulation includes the ingredients list, the labeling of allergens, the product name (within the visual area), the net quantity (within the visual area), the best before date as well as the full name and address of the distributor. All legal requirements have to be printed clearly and readably with a minimum font size of 1,2 mm related to the letter „x“. As soon as the maximum surface area of the packaging is less than 80 cm², the minimum font size is 0,9 mm. Concerning smallest packaging - that is less than 10 cm² for the maximum surface area - only the most important legal requirements (such as the product name, the net quantity, the best before date) have to be mentioned - however in the font size of 0,9 mm related to the small x.

## DELIVERY QUANTITY VARIATIONS:

Variations in the quantity delivery of up to 10% may occur. This is unavoidable.

## PERISHABLE FOODS:

Perishable foods are non returnable. Please inspect the merchandise upon receipt and inform us immediately or within 24 hours if there is a problem.

Subsequent claims cannot be accepted. As soon as the goods leave our premises, they are no longer our responsibility. Neither qualitative nor legal responsibility can be taken concerning the food.

## DAMAGE OR LOSS:

Damage due to transit and delivery are to be noted on the consignment note upon receipt of the goods and are to be confirmed and signed by the carrier. Pallet damages which have not been noted on the consignment note cannot be considered as shipping damages. Attention should be made upon delivery of the packaging. Irregularities are to be noted and photographed immediately.

## DELIVERY TIME:

The date/week of dispatch is considered as the delivery date or delivery week, this is not to be confused with the date/week of arrival.

An arrival date/week cannot be confirmed and is therefore not binding. Once the goods have been handed to our forwarding agent, the transit time required by our forwarding agent is not our responsibility. A forwarding agent may be stipulated by yourselves.

A fixed delivery date can not be confirmed, however, in the case of a fixed delivery date we hold no responsibility for the forwarding agent.

This will depend upon the date of printing approval from yourselves and not upon receipt of artwork. We will not print without any printing approval. No delivery time will be confirmed without any printing approval. Any corrections made must be corrected by our appointed graphic designer. A new copy of the corrections will be sent to you for acceptance and must

receive a final approval before printing commences.

## CORRECTIONS:

Please read through the corrections thoroughly. If you cannot recognise a part of the copy please contact us. Once the text has been approved for printing we are not responsible for errors overlooked by yourselves. Approval for printing is a mandatory part of an order.

In case of cancellation, costs incurred up to approval for printing are to be paid. Colours variations for reprints may occur due to technical grounds and are unavoidable. Variations in the nuances of the Pantone and HKS colours will not be recognised as part of a claim.

Two corrections may be made at no extra cost. In the case of a third or more correction we have the right to charge a fixed amount. We recommend you contact us before the production of the print files. Therefore unnecessary costs will be avoided.

Assistance can be offered throughout layout proposals. An offer concerning these costs will be made after the calculation of expenditure.

An original print samples is possible, this will be charged according to the motif. However, a print sample will delay delivery time.

## CLAIMS:

Claims have to be proved. A minimum amount of 10% of the entire quantity of an order must be affected and returned in the original packaging. In the case of a print claim, 10% of the entire quantity of an order must also be affected and returned in the original packaging.

Claims concerning the flavour and the constitution of the foods will only be accepted if the goods have been kept and stored correctly. Please contact us concerning the latest date of consumption and other important facts.

It should be noted for example that foods such as chocolate should be stored at room temperature and jellies are sensitive to heat and humidity

Our products are either packed according to weight or are counted. The quantity variation per carton depends on the machine and the products. The final quantity is controlled. In case of irregularities per carton, please check the final quantity supplied.

We will be happy to advise you regarding the products, artwork requirement, digital files, Terms and Conditions of Sales and any further enquiries you may have.

We ask for your patience if a slight delay occurs in response to your enquiries. We believe it is important to have time for all our customers and to satisfy their wishes and requirements.

For mutual security and in order to avoid misunderstanding, you should request from us written confirmation regarding agreed conditions, delivery time, technical guidelines etc.

Further information regarding each product can be found in the technical data sheet in this catalogue. If you have any further questions about the technical data sheet, please do not hesitate to contact us. These sheets are available separately for each product.

Please do not hesitate to request our technical data sheet or to download this information from our website.
